

# Colorado River Basin

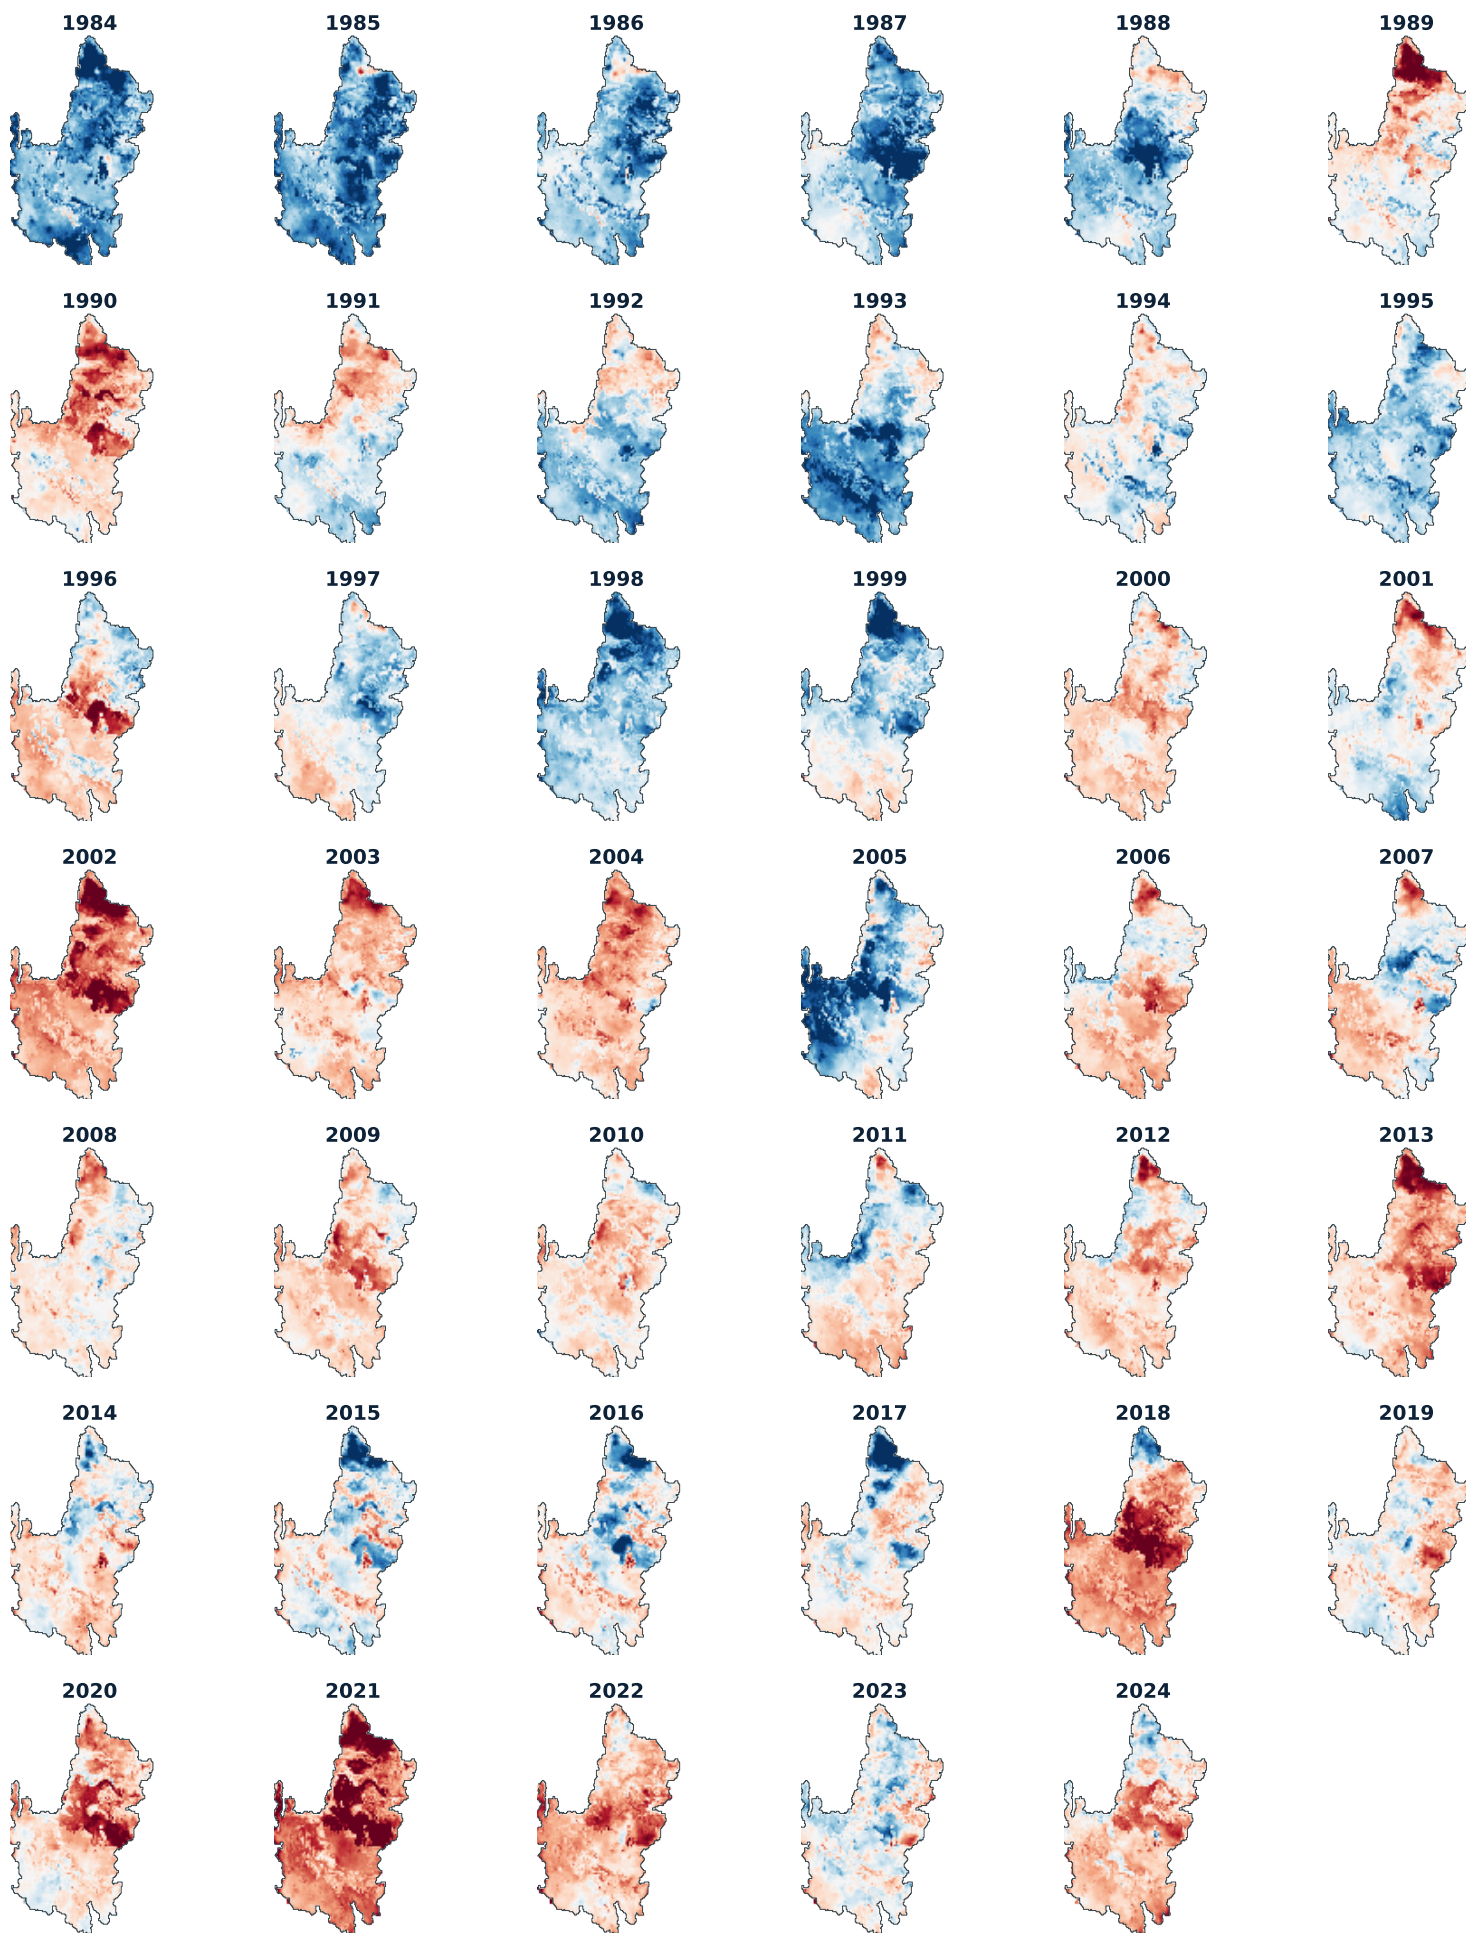

Spatial anomaly maps · % of the 1984-2024 mean

VIC reanalysis (WY1984-2024) · red = below mean (dry), blue = above (wet)

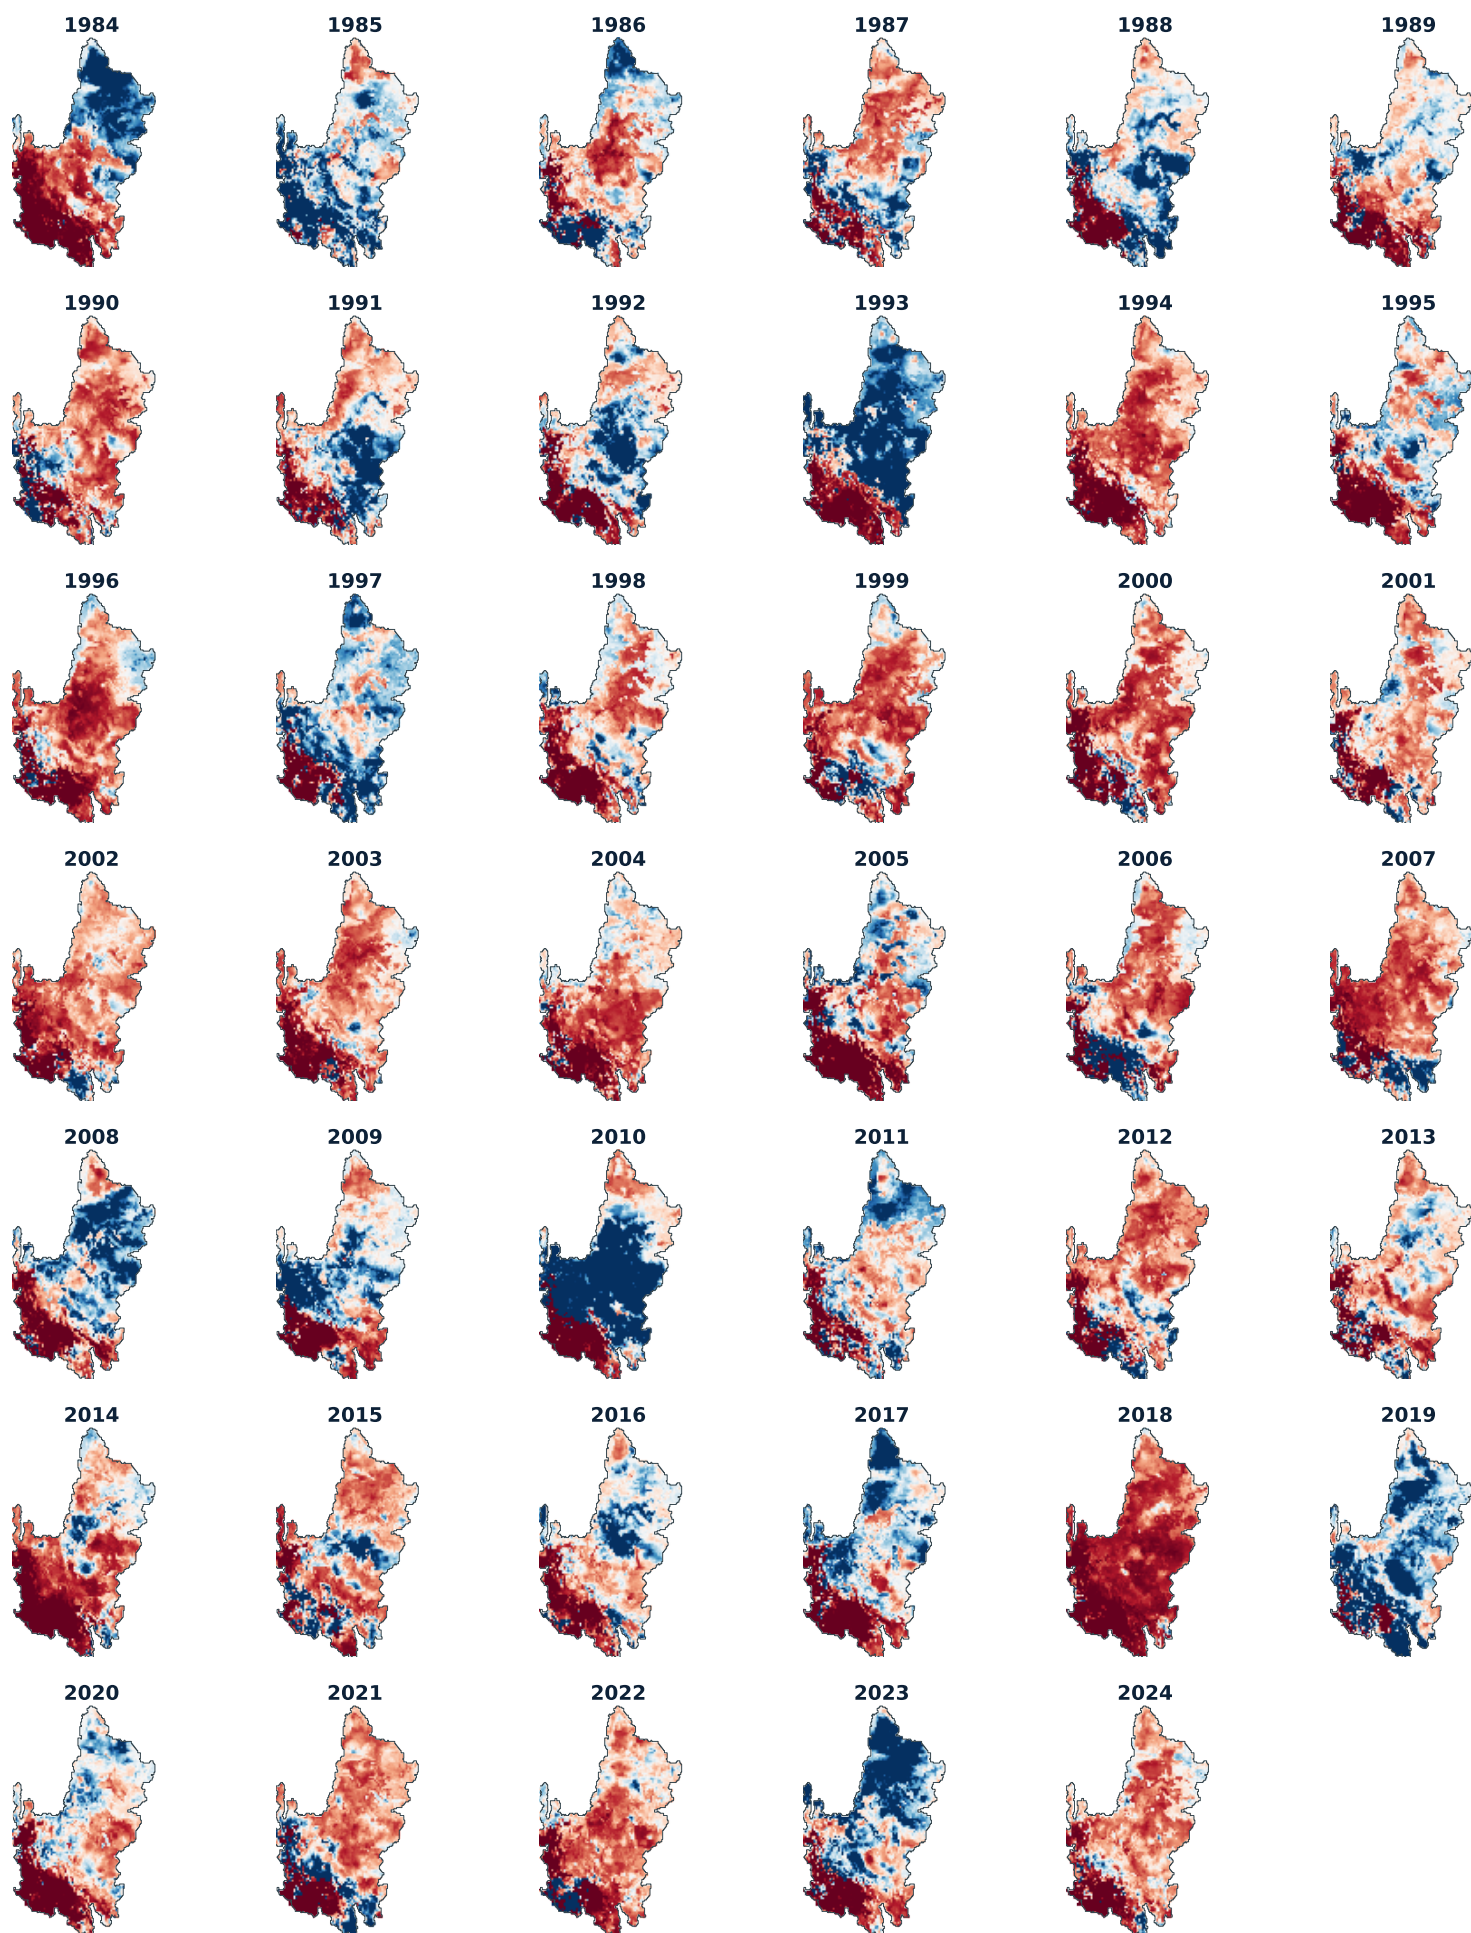

## Index

- |                                            |      |
|--------------------------------------------|------|
| <b>1. Soil moisture</b>                    | p. 2 |
| anomaly maps for all water years 1984-2024 |      |
| <b>2. Snow water equivalent (SWE)</b>      | p. 3 |
| anomaly maps for all water years 1984-2024 |      |
| <b>3. Precipitation</b>                    | p. 4 |
| anomaly maps for all water years 1984-2024 |      |
| <b>4. Runoff</b>                           | p. 5 |
| anomaly maps for all water years 1984-2024 |      |

**Soil moisture — anomaly maps by water year ( % of 1984-2024 mean · red=dry, blue=wet)**

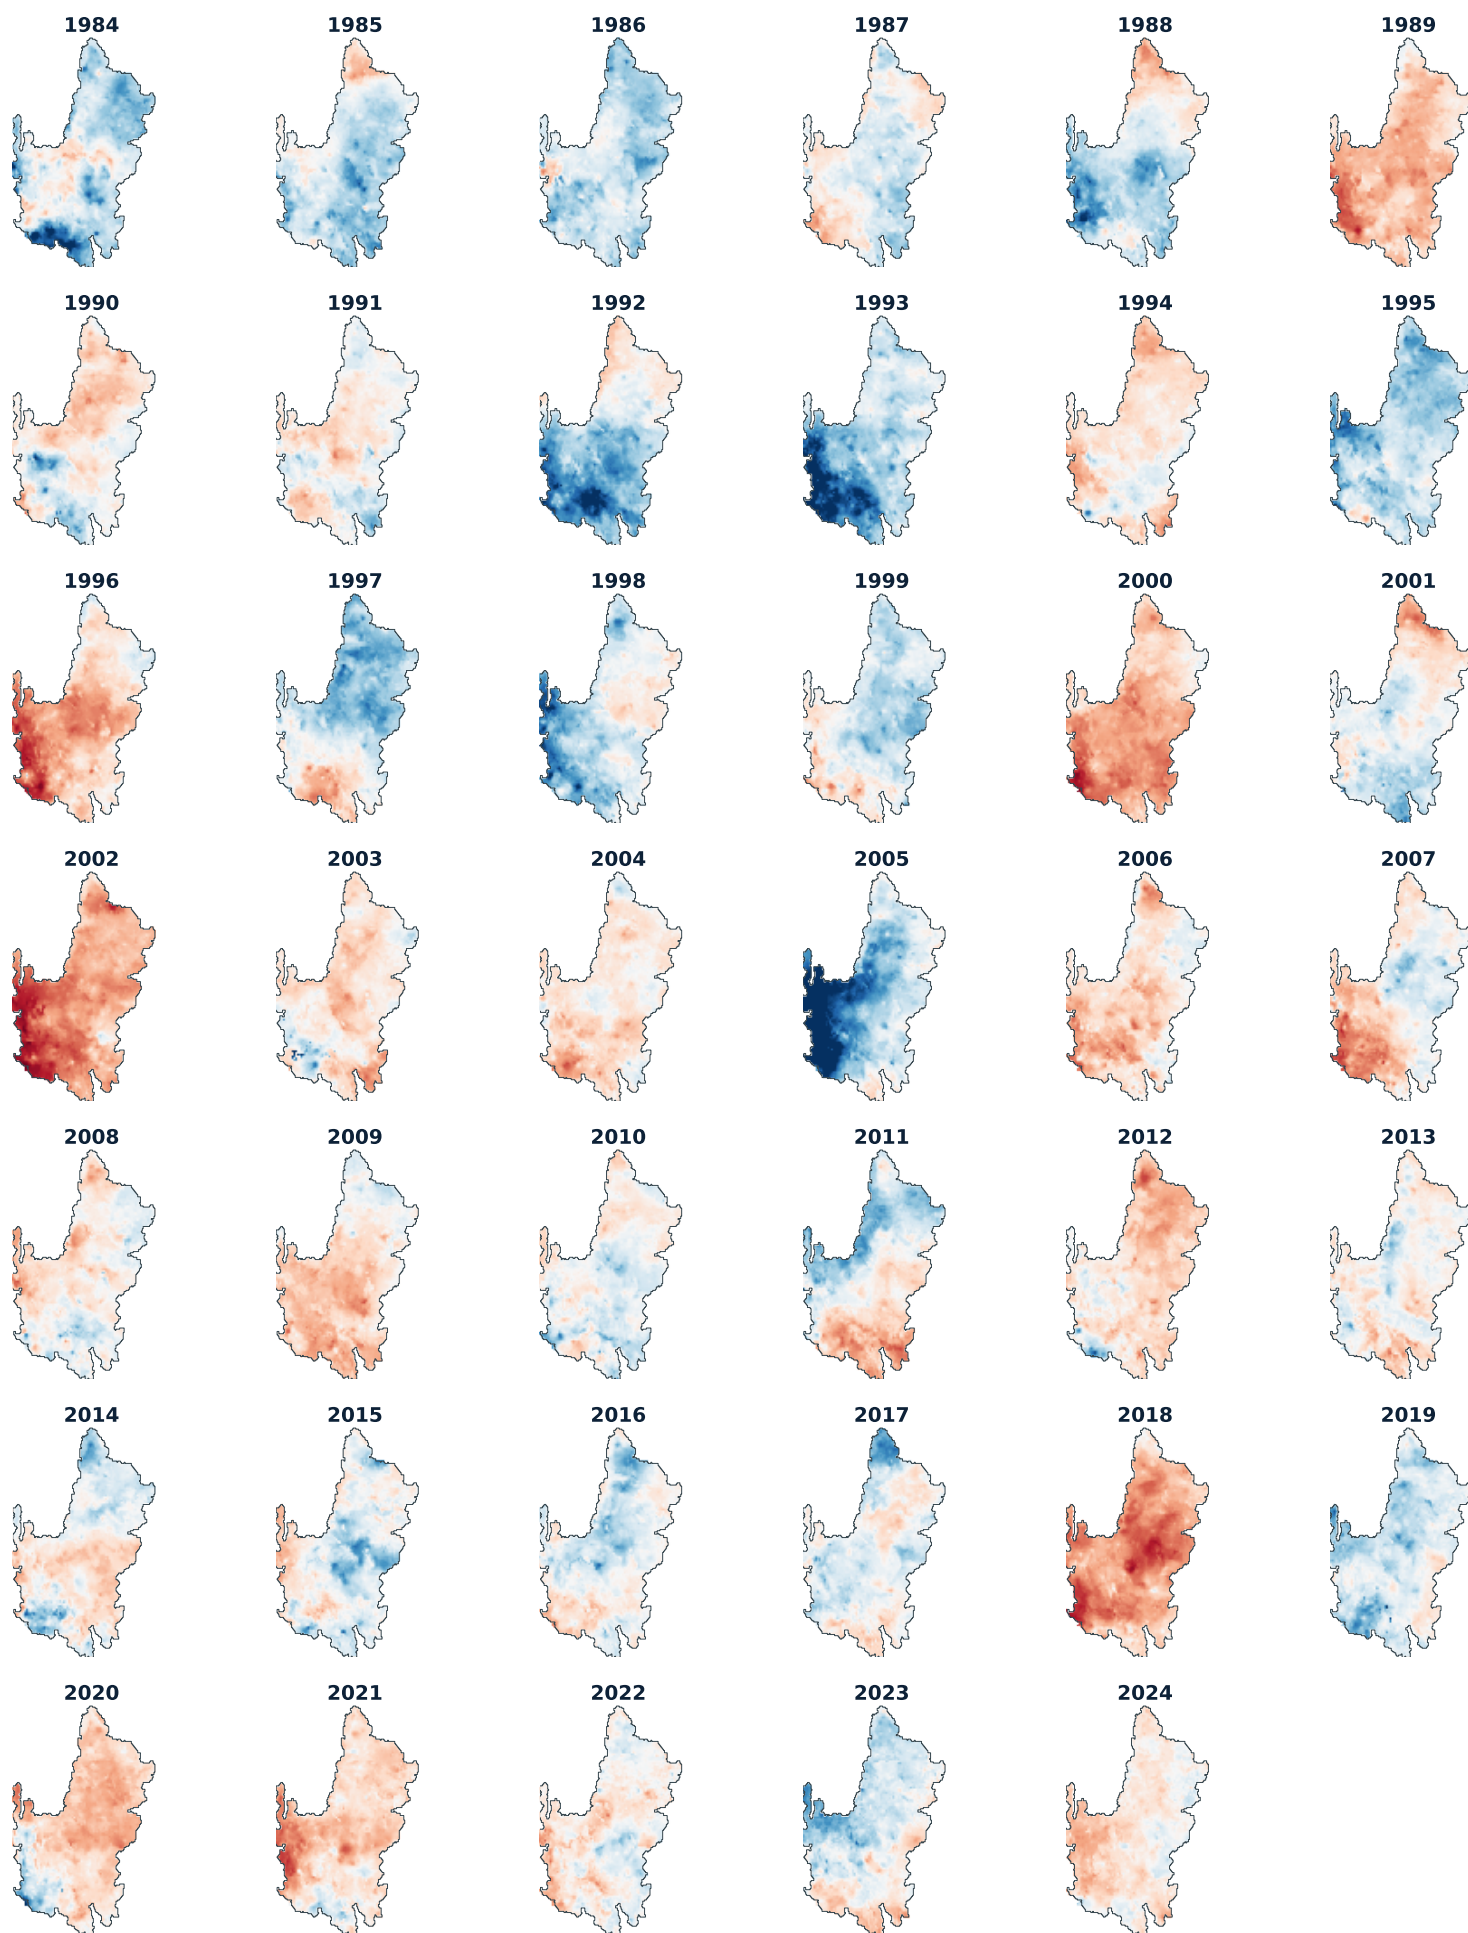

water equivalent — anomaly maps by water year (% of 1984-2024 mean · red=dry, blue=

**Precipitation — anomaly maps by water year (% of 1984-2024 mean · red=dry, blue=wet)**

**Runoff — anomaly maps by water year (% of 1984-2024 mean · red=dry, blue=wet)**
